

MIKE ROGERS

Mike Rogers was appointed to the UGRWCD in June 2023 representing Division 8, the City of Gunnison. His term expires in 2026. Mike is the Water & Wastewater Superintendent for the City of Gunnison. For the past 14 years, Mike has helped protect the Gunnison River and other water resources from contamination to ensure safe and clean drinking water for residents. Mike has also overseen a variety of large water and wastewater infrastructure projects. He recently completed a 14-million-dollar, multiyear modernization project of the City of Gunnison's Wastewater Treatment plant. Currently, he is in charge of the planning and design Phase of an Advanced Water Treatment Plant for Gunnison. Mike looks forward to learning more about water law, water rights, conservation and other opportunities to help protect and preserve the Upper Gunnison River Basin and watershed.
