

Upper Gunnison River Water Conservancy District Drought Contingency Plan Stakeholders Meeting September 25, 2024 from 9-11 a.m.

Invitation: Upper Gunnison River Water Conservancy District invites you to...

- **Learn About the Drought Contingency Plan:** Discover the process, its importance, and how you can get involved.
- **Develop Mitigation Strategies:** Collaborate on potential strategies and response actions for effective drought management.
- **Hear Diverse Perspectives:** Share and hear experiences about drought impacts on water users and interests.
- **Engage Productively:** Participate in a motivating session to strengthen Upper Gunnison the Drought Contingency Planning efforts for the UGRWCD and our community.

Why Attend?

This meeting is a crucial step in our commitment to managing drought resilience and securing our water resources. Your input will help shape strategies that address both immediate and long-term needs.

RSVP:

Please let us know if you can attend by filling out this form:

<https://forms.gle/WVcubK2x1F4Njva16>. In-person attendance is highly encouraged. The Zoom link will be provided prior to the meeting. Please reach out to Alana Nichols at anichols@ugrwcd.org with any questions.

Learn More: Visit the District's website to learn more about the process so far and find educational videos about water in the Gunnison Basin. <https://ugrwcd.org/drought-contingency-planning/>
