

Upper Gunnison River Water Conservancy District

210 West Spencer Avenue, Suite A, Gunnison, Colorado 81230 (970)641-6065 • www.ugrwcd.org

OUR MISSION: To be an active leader in all issues affecting the water resources of the Upper Gunnison River Basin.

EDUCATIONAL MINI-GRANT PROGRAM

The Upper Gunnison River Water Conservancy District has established a mini-grant program to support educational and outreach projects designed to expand awareness of water-related issues in the Upper Gunnison River basin.

Anyone currently engaged in educational and outreach activities designed to increase the awareness and understanding of the value of water and its most effective use within the district is eligible to apply for a mini-grant.

Projects may include development and testing of water-related classroom curricula, after-school enrichment programs, adult education programs, home school and preschool programs, and materials for programming. Educators may also use mini-grants for professional development.

Grant applications can be for sums up to \$500. The only report required is copies of receipts from purchases of supplies, books, support materials, etc., and a brief written report (WITH PHOTOS) of the number of attendees and overall outcome of the project/program. Up to 50% of the funds may be used to reimburse the instructor for time related to curriculum development; but if funds are requested for instructor reimbursement, the awardee will be asked to submit a full lesson plan or report on the educational activity that may be shared with other educators, at Upper Gunnison River WCD's discretion, with the creator's name and affiliated institution acknowledged. This lesson plan must be submitted prior to payment of the mini-grant.

This program does not target any specific discipline or water use; we welcome projects from all academic areas (science, art, literature, mathematics, psychology etc.), and relevant to all aspects of water concerns (agricultural, recreational, environmental, domestic, emotional, etc.).

The application form is included with this program description. **Grant applications may be submitted at any time and** will be reviewed with a decision made within a month or less from submission, subject to availability of funds. You may submit your application via email using the fillable PDF form that follows, or print and handwrite your application and email it to: Sue Uerling at the UGRWCD: sue@ugrwcd.org. Questions? Please call 970-641-6065.
